

Tomer Darmon – QA Tester Portfolio

 workthisway81@gmail.com |  Stockholm, Sweden |  0764184014

 [Personal Website](#)

About Me

A passionate **QA Tester** with an insatiable appetite for finding bugs and ensuring high-quality software. What makes me different from others is my background in **psychology, security, and music** that gives me a unique analytical approach to problem-solving, **attention to detail, and creativity** in testing.

I have hands-on experience in **manual and automation testing**, specializing in:

- Writing and executing **STD, STP, STR**
 - **Functional, UI/UX, Security, API, E2E & Mobile Testing**
 - Working with **TestRail, Jira, Postman, SQL, and DevTools**
 - Developing test cases and debugging issues across platforms
-

Featured QA Projects

Mobile App Testing

Instagram Mobile STR

 [Test Report](#)

- Conducted structured testing for Instagram's mobile app.
- Identified usability and UI/UX issues, ensuring a seamless user experience.

Domino's Pizza Mobile Testing

 [Test Report](#)

- Performed end-to-end testing of the Domino's app, validating ordering functionality.
- Reported and documented issues using Jira and TestRail.

Web Application Testing

E-Commerce & Business Website Testing

 [Paws Paradise STR](#)

- Conducted STR testing for a growing online business.
- Used **TestRail for test management** and reported bugs in **Jira**.

Insurance Company Testing – Wobi

[Wobi Bug Reports](#)

- Discovered critical functional and security bugs on **one of the biggest insurance platforms**.
- Documented issues and suggested fixes to improve platform stability.

Frontend Testing & Development

Personal & Business Websites

[Darmon Gallery – Artist Portfolio](#)

- Built a personal website for an **international artist**, using **HTML, CSS, and DevTools**.
- Ensured **UI/UX quality assurance** with in-depth testing.
